Section 14 - Directory Listings

A. TERMS AND CONDITIONS

The rates, regulations, terms and conditions specified in this section apply only to the alphabetical directory.

The alphabetical directory is a list of Customers and others arranged alphabetically by surname, business, association, institution or other nonresidence name. The alphabetical directory is designed for the purpose of informing calling parties of the telephone number of Customers and others listed in it. Accordingly, listings are intended solely for purposes of identification and are limited to information which is essential to such identification.

Listings are regularly provided in connection with all classes of exchange service except pay telephone access lines. At the request of the customer, the entire listing may be omitted from the directory (Non-Published service or Non-List service) or the address only may be omitted (Non-Address service).

Directory listings must conform to the Company's specifications for its directories.

Special prominence or arrangement of names is not permitted. The listing of a service, commodity or trade name is not permitted except when such service, commodity or trade name is a part of the name under which the listed party conducts his or her business.

Abbreviations may be used to limit the length of any listing when in the opinion of the Company, the clearness of the listing and the identification of the listed party is not impaired by use of abbreviations.

The Company may refuse a listing which does not constitute a legally authorized or adopted name, or any listing which in its opinion is likely to mislead or to deceive calling parties as to the identity of the listed party, or is intended for advertising purposes or to secure a preferential position in the directory, or is more elaborate than is reasonably necessary to identify the listed party. The Company may, upon notification to the Customer, discontinue any listing found to be in violation of the foregoing regulations.

In connection with nonresidence service, a descriptive term characterizing the listed party's business or purpose in a general way is furnished (in abbreviated form) as a part of the listing, when desired. When the character of the listed party's business or purpose is apparent from the name under which it is conducted, a further designation is unnecessary and is not furnished.

A cellular telephone number will only be listed upon the request of the cellular carrier. Requests for directory listings by cellular telephone end users will not be honored. A pager or voice messaging number will only be listed at the request of the customer actually assigned that number.

See Section 2 of this Agreement for regulations concerning the initial service period and service termination for directory listings.

One primary listing is furnished with each residence or nonresidence line, Centrex service, or PBX system, except that when a customer has two or more lines with Hunting, only one primary listing is provided for the hunt group.

Supplementary material not regularly provided as part of a primary listing is classified as extra line matter.

2. Rates and Charges

The monthly rate for primary listings is included in the monthly rate for the service.

The initial charge for a Primary Listing applies when establishing or changing the Primary Listing except when one or more exchange access lines are established; or when changing from either non-published service, non-address service, or non-list service with a monthly rate to listed service.

To be eligible for an additional listing, the Customer must pay the appropriate monthly rate, if any, for a primary listing or its equivalent.

Supplementary material not regularly provided as part of an additional listing is classified as extra line matter.

Cellular telephone, pager, or voice messaging services may subscribe for additional listings. However, due to the technical nature of these services, the Company may place limitations on, or refuse a listing for cellular, pager or voice messaging services.

Residential additional listings may be the names of members of the family, or others, residing in and part of the Customer's household. A dual name additional listing may be provided to the customer subject to the terms and conditions for dual name listings in Part B. of this section.

Additional listings furnished in connection with nonresidence service may be, but are not limited to:

The names of partners or members, if the Customer is a partnership.

The names of representatives or employees of the Customer.

The names of individuals and firms which the Customer owns or controls or is duly authorized to represent. An individual or firm is considered to be represented in business by a Customer only when the Customer furnishes bona fide representation and the relationship is one of principal and agent. Listings are not furnished when the representation is nominal or incidental and the party to be listed essentially is a patron, client or tenant of the customer. The furnishing of answering or secretarial services is not considered to be representation.

Obsolete names, colloquial names, abbreviated names, names which are commonly spelled in more than one way, and rearrangement of names, when they are not designed to secure preferential position in the directory or for advertising purposes.

Additional nonresidence listings are not permitted in connection with residence service.

2. Rates and Charges

The initial charge for an Additional Listing applies when establishing or changing Additional Listings.

The monthly rate for an Additional Listing begins when the information records are posted. Information records are posted when the listing is accepted or when the directory in which it will appear is issued, at the option of the Customer.

F. NON-PUBLISHED SERVICE

1. Terms and Conditions

The name, address and telephone number of non-published service is not listed in the Company's alphabetical directories. The name and address, but not the telephone number, appear on information records available to the general public.

When calling the Universal Emergency Number Service (911), a Customer forfeits the privacy afforded by Non-Published Service to the extent that the telephone number associated with the originating station is furnished to the Public Safety Answering Point on a call-by-call basis for the purpose of responding to emergency calls.

Incoming calls to non-published service will be completed by the Company only when the calling party places the call by number. The Company will adhere to this practice regardless of any claim of emergency the calling party may present. The acceptance by the Company of the Customer's request to refrain from publishing his or her telephone number in the directory does not create any relationship or obligation, direct or indirect, to any person other than the Customer.

In the absence of gross negligence or willful misconduct, no liability for damages arising from publishing the telephone number of non-published service in the directory or disclosing the number to any person shall attach to the Company. Where such a number is published in the directory, the Company's liability will be limited to and satisfied by a refund of any monthly charges which the Company may have made under this Part F, for non-published service.

The Customer indemnifies and saves the Company harmless against any and all claims for damages caused or claimed to have been caused, directly or indirectly, by the publication of the number of a non-published service or the disclosing of the number to any person. For additional liability information see Section 2 of this Agreement.

Providing the name, address and/or telephone number of a non-published service Customer for billing purposes only, to the Customer's primary interexchange carrier, does not constitute publication or disclosure of the Customer's name, address, and/or number.

Interexchange Carriers must not release the name, address, and/or telephone number of any non-published service Customer without the written consent of the Company and the Customer. Exceptions to this rule are as follows:

Use of name and address for the rendering of the interexchange carrier's bill to the Customer.

Release of the telephone number only for purposes of detail billing.

Where a Customer is a permanent guest residing in a hotel or club and has an additional listing showing the telephone number included with the primary directory listing furnished the hotel or club.

Where service is installed for a temporary period.

G. NON-LIST SERVICE

Non-List Service allows Customers to exclude their name, address, and telephone number from appearing in the Company's alphabetical directories. However, the Customer's name, address, and telephone number will appear in the Directory Assistance information database and will be furnished to the calling party when requested through Directory Assistance.

When calling the Universal Emergency Number Service (911), a Customer forfeits the privacy afforded by Non-List Service to the extent that the name, address, and telephone number associated with the originating station is furnished to the Public Safety Answering Point on a call-by-call basis for the purpose of responding to emergency calls.

The acceptance by the Company of the Customer's request to refrain from publishing the Customer's name, address and telephone number in the directory does not create any relationship or obligation, direct or indirect, to any person other than the Customer.

In the absence of gross negligence or willful misconduct, no liability for damages arising from publishing the name, address or telephone number of a Non-List Service Customer in the directory will attach to the Company, and where such name, address, and telephone number are published in the directory, the Company's liability will be limited to and satisfied by a refund of any monthly charges which the Company may have made under this Part G for Non-List service.

The Customer indemnifies and saves the Company harmless against any and all claims for damages caused or claimed to have been caused, directly or indirectly, by the publication of the name, address and telephone number of a Non-List Service Customer. For additional liability information, see Section 2 of this Agreement.

Providing the name, address and telephone number of a Non-List Service Customer for billing purposes only, to the customer's primary interexchange carrier, does not constitute publication or disclosure of the address.

Interexchange Carriers must not release the name, address and telephone number of any Non-List Service Customer without the written consent of the Company and the Customer, except when the address is used for the purpose of rendering the interexchange carrier's bill to the customer.

2. Rates and Charges

The initial charge for Non-List service applies when establishing or changing the listing information associated with the address. The initial charge does not apply when the Non-List Service is set-up at the same time that the primary listing associated with the access line is established.

When calling the Universal Emergency Number Service (911), a Customer forfeits the privacy afforded by Non-Address Service to the extent that the address associated with the originating station is furnished to the Public Safety Answering Point on a call-by-call basis for the purpose of responding to emergency calls.

The acceptance by the Company of the Customer's request to refrain from publishing the Customer's address in the directory does not create any relationship or obligation, direct or indirect, to any person other than the Customer.

In the absence of gross negligence or willful misconduct, no liability for damages arising from publishing the address of Non-Address Service in the directory or disclosing the address to any person will attach to the Company, and where such an address is published in the directory, the Company's liability will be limited to and satisfied by a refund of any monthly charges which the Company may have made under this Part H for Non-Address service.

The Customer indemnifies and saves the Company harmless against any and all claims for damages caused or claimed to have been caused, directly or indirectly, by the publication of the address of a Non-Address Service Customer or the disclosing of the address to any person. 2. Rates and Charges

L. EMERGENCY SERVICE PROVIDER DATABASE SERVICE (ESPDS) (Continued)

2. Terms and Conditions

The Company will provide Emergency Service Provider Database Service (ESPDS) to the Customer (a city, county, or municipality) solely for the purpose of delivering or assisting in the delivery of public emergency notification. Customers ordering this service are required to provide written certification to the Company showing that they have the capability and authority to provide the service for which the data is intended.

The extract will include published, non-published, listed, and non-listed information including listed information of Competitive Local Exchange Carriers (CLECs), if present. The extract will consist of listed name, listed address (if present), and ten-digit telephone number.

ESPDS is available by, and must be ordered by, one of the following primary criteria:

City/Municipality Name and State
County Name and State

Customers may specify incorporated municipalities, unincorporated municipalities, or both. The information contained in all extract files will be sorted by telephone number in ascending sequence. Extracts will only be provided for the Customer's jurisdictional area for which public emergency services or public emergency support services are authorized. Foreign Listings, Foreign Exchange, and multiple listings will be excluded from the extract.

The information provided by ESPDS may not be used, in whole or part, to provide Basic 911 or E911 Service. Misuse of the data provided pursuant to this Agreement or failure to comply with any other provisions of this Agreement will be cause for immediate suspension of the service provided hereunder.

Any information shared between the Company and the ESPDS Customer is considered confidential and proprietary.

The information provided by ESPDS is available to Customers utilizing one of the following data storage methods: 1) CD-ROM or 2) e-mail dependent on file size constraints. Customers must specify the storage method when ESPDS is ordered.

L. EMERGENCY SERVICE PROVIDER DATABASE SERVICE (ESPDS) (Continued)

2. Terms and Conditions (Continued)

Geographically focused calling patterns that result from the use of data provided hereunder may cause problems, including congestion, in the Company's network. One or more of the following must be used by the ESPDS Customer to prevent network congestion problems:

The ESPDS Customer's calling platforms should be equipped within reorder tone (RO) and "No Circuit Available" (NCA) announcement detection capability. Each platform should provide the capability to automatically throttle back call origination when a threshold of RO and NCA is reached. The throttling algorithm should allow for reduction call origination to the point where 99 percent of call origination reaches neither NCA nor RO.

The ESPDS Customer's calling platforms should be designed with a call gapping mechanism to allow specification of, at most, one originating call per a specified time interval to any specific NPA-NXX code. The gaps should be capable of any time interval between 0 and 10 seconds. This is intended to give the ESPDS subscriber the capability of preventing excessive simultaneous call origination.

If the Company's NOC center determines that the call volume is having a negative impact on the Company's network, the NOC will request the ESPDS Customer to throttle the outgoing calls generated by the event to a specified number of simultaneous calls. The ESPDS Customer must implement each request within ten minutes of receipt from the Company's NOC center.

The Company's NOC center must be notified of the target location and size of the event at the launch of an public emergency call origination exceeding 1000 calls. The Company will provide a contact number to the ESPDS Customer for this purpose. The Customer will also provide the name (s) of the carrier(s), which will be utilized by the Customer for the public emergency call origination and the number of simultaneous calls.

Each ESPDS Customer must provide Company's NOC center up-to-date contact information for 7 days per week, 24 hours per day, and Contact information for three levels of management escalation.

The ESPDS Customer agrees to work cooperatively with the Company's NOC in order to avoid network congestion that may affect the ability of customers to call out of an affected area. This includes implementation of call gaps on the calling platform at intervals recommended by the Company's NOC.

The Company's NOC will utilize protective controls including those outlined in Section 2.1.11 of the Company's Intrastate Access Service Tariff, in order to minimize congestion and to allow the customers the ability to call out of an affected area. The traffic originated based upon the ESPDS Customer's use of the data provided hereunder may be affected by these controls. The Company will not be liable for the intentional or unintentional blockage of any traffic in any way related to the ESPDS Customer's use or the use by its agents or contractors of the data provided hereunder.
