Section 14 - Intercept Services

A. BASIC INTERCEPT

1. General

Basic Intercept service directs a call to a telephone number that is disconnected, changed, or non-assigned to an operator or to a recording. The intercept operator or the recording informs the calling party why the call could not be completed and, if possible gives the telephone number where the call can be completed.

Basic Intercept is generally provided at no charge when a Customer voluntarily or involuntarily changes telephone number. However, where the Customer has multiple lines that are in a hunt system, or subscribes to DID service, only the primary directory listing telephone number is provided Basic Intercept Service at no charge.

Changed telephone numbers will be provided Basic Intercept service at no charge for a period of not less than ninety days or until the issuance of a new Cincinnati Bell Telephone Area Alphabetical Directory which contains their new directory listing information, whichever comes first.

If a Customer wants to continue intercept service beyond the period of time stated above, the Customer must subscribe to one of the billable intercept services listed in this section.

2. Rates and Charges

There is no charge for Basic Intercept.
